

Basic Bath Bomb Recipe
Brandy McClurg
SoapEquipment.com

- 1 cup (US) or 250 ml Baking Soda (Sodium Bicarbonate)
- 1/2 cup (US) or 118 ml Citric Acid
- 2 tablespoons (30ml) Almond Oil (Can be mixed with Coconut oil, Sunflower, Jojoba, Cocoa Butter, etc.)
- 1 to 2 teaspoons (5ml to 9ml) Essential Oil or Fragrance Oil (One teaspoon is usually enough)
- Color: Dry pigments seem to work best but watch how much you are adding. Oil soluble colorants also work
- Witch Hazel: used separately and as needed for moistening material
